\*\*\*\*PLEASE NOTE: I will immediately return, at seller expense, any plate blocks that are in tight glassines, in mounts, in yellowed are/or stained glassines or any material that is moldy, mildewy or otherwise extensively damaged. I prefer not to have to return items, but may be forced to do so if the quality of what you send is not of the quality that I have requested. Please check all items carefully before sending them. Please note that the cost of postage for returned items is deducted from the amount of the payment made, unless it is less than \$1, or unless I have asked you to send items on "spec".\*\*\*\*  
When you send stamps, please separate them by denomination; 3c, 4c, 5c, etc., which will allow me to sort, review and count the stamps and send your payment more quickly.

Plate blocks should be sent with about 25 per glassine. My goal is to review your shipment and send payment within 48 hours of receipt, although it may occasionally take longer if I have received multiple shipments or a very large shipment. You MUST call/email/write me with the approximate details/quantity of items BEFORE shipping. You must also provide me with a working email address and/or telephone number BEFORE shipping. All shipments should be packed well to prevent bending/damage and mailed insured and with delivery confirmation to protect your items while in transit. Thank you.

Regards,

Bob Shohet, APS #201538
